Vinyl Flooring Accessories –Skirting

Décor-matching Reliance Flooring Accessories are suitable for Vinyl and Linoleum floorings. A wide range of flooring accessories is available to give a perfect touch to the floor.

Application

Skirtings are used to provide clean, neat solutions for junctions where the floor meets the wall.

Reliance offers solutions to suit most contract applications for critical clean areas where a homogeneous finish is essential such as hospitals, food & pharmaceutical environment, commercial offices, education or retail environment where functionality needs to be combined with aesthetics.

Healthcare, food, pharmaceutical, and education environment in particular benefit from the use of PVC skirtings that can be welded to resilient floorcoverings to create completely impervious seals to meet cleaning and hygiene requirements.

Selection of Skirting

Selecting the correct type of skirting will ensure that product performance matches the environment requirements and will result in a functional, low maintenance alternative to traditional skirting.

Installation

PVC Skirtings are secured to all type of wall surfaces using contact adhesive

- Suitable for interior use
- Skirtings are ideal for use in areas subject to regular wet cleaning e.g., hospital treatment areas as they can be welded to the floorcovering to provide an impervious seal.
- Coil-able set-in skirting minimize vertical joints. Ideal in areas where both the horizontal and vertical joints require welding e.g., food preparation areas & clinical treatment areas.

Colors: Black, Brown, Beige, Blue, Grey, Green, Orange, Red, White, Yellow.

Custom-made designs and colors can be produced to match customers' specific requirements.
