

Reliance

Vinyl Flooring Accessories – Cove Former

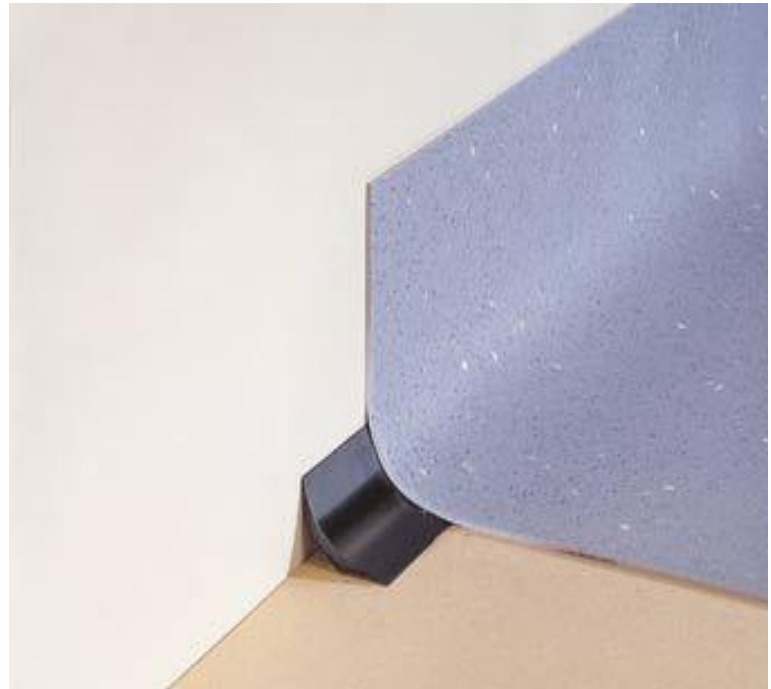

Décor-matching Reliance Flooring Accessories are suitable for Vinyl and Linoleum floorings. A wide range of flooring accessories is available to give a perfect touch to the floor.

Application

Reliance PVC Cove Formers are used to form a cove where floor coverings rise up to the wall. Cove formers are usually used in conjunction with a capping seal or carpet cap to finish the raw edge of the floorcovering.

PVC cove formers come in difference sizes & designs. They also help in providing perfect hygiene and water tightness. Thanks to the fact they make the cleaning process smooth and easy.

Our PVC Cove Formers are suitable to use with Homogeneous & Heterogeneous floorings and Wet room floorings.

Installation

PVC Cove Former is secured to all wall surfaces using contact adhesive

- Suitable for interior use
- PVC Cove Former is ideal for use in areas subject to dry and wet cleaning areas.
- Ideal in areas where both the horizontal and vertical joints require welding e.g., food preparation areas & clinical treatment areas.

Color: Black.

Customized designs and colors can be produced to match customers' specific requirements.
